Personal Profile

My name is Rory Magee and I am 23 years old. I am a very determined person who tries to do everything to the best of my ability. Over the course of my education and employment history I have gained some notable experience with a variety of academic areas. Additionally, having had various part time jobs throughout my teen years I have acquired good communication skills which I believe are imperative to success in the workplace.

Technical Skills

- Experienced with programming languages such as Java, C++, C#, Python, Visual Basic, R
- Very familiar with web development language such as JavaScript, Node, Angular, HTML, CSS
- Very competent with different database architectures i.e. SQL, MongoDB
- Knowledgeable about computer networks including network security
- Experienced with the various aspects of computer hardware
- Comfortable developing both front and back-end applications
- Fluent in mobile app development on the Android platform
- Educated on software security and safe programming practices
- Experienced with machine learning and statistical analysis programming languages such as R

Employment

Daisy Hill Hospital - June 2013 - September 2013

Domestic Assistant

During the summer of 2013 I was employed as a Domestic Assistant in Daisy Hill hospital and my duties were as follows:

- Carrying out daily cleans of designated areas (wards, store rooms, toilets, treatment rooms, offices)
- Carrying out terminal cleans in areas where people with infectious conditions had been staying
- Maintaining the cleanliness of the work environment and kitchens
- Responsible for giving out and collecting food and drink to the patients
- Working alongside other domestics to carry out larger tasks in a more efficient manner
